Personal Care for Children Module

Supporting children with their personal care can be a challenging activity.

This module aims to provide staff with a wide range of skills to support children of all abilities and consider things from the child's perspective.

At the end of the module staff will have covered:

- Assisting with help onto and off of changing tables/beds
- Manually turning for personal care
- Use of slide sheets to assist with rolling and/or dressing
- Hoisting as part of the personal care routine
- Sling application on a changing table/bed
- Holistic approaches in personal care delivery

HME operate a one trainer to eight delegates ratio for all courses.

HME deliver training tailored to your specific needs.
